ILCM...
The social

spirit

message from the ILCM president

The International Ladies' Club of Macau (ILCM) philosophy is based on extending the hand of friendship and at the same time raising funds for those in the community who are in need. With a diverse membership made up of nationalities from all over the world, we welcome English speakers of different backgrounds, cultures and religions... we thrive on friendship and we are enhanced by these differences.

I am proud to acknowledge the contribution of the local Macanese, Portuguese and Chinese ladies who have lived in Macau for most of their lives and have been ILCM members since the inception of the Club in 1984. We are also proud of the women who come to Macau for a few years and contribute to the community in different ways before moving on to other parts of the world. It is the continued support of all our members that preserves the Club's history and ensures the continuity of the Club and its contributions to the Macau community.

The Annual ILCM Charity Ball is our largest fundraising event of the year and the monies raised from this event shape the level of financial support that we offer to the charities the ILCM supports for twelve months. We are grateful to our corporate sponsors and supporters whose contributions help the charities that we reach out to in Macau. To the sponsors, companies and businesses in Macau and Hong Kong who have shown their generosity, financial support and contributions... we say thank you, from the bottoms of our hearts and those of the twenty charities that we help in Macau.

Macau's ever changing society and the global economy presents many challenges in fundraising for charity. As we see increases in wealth coming into Macau, we also see the government making more funds available for charity. However, the charities always have a deficit of 20% to 40%. This deficit, like in many other countries, becomes the responsibility of the community, and Macau is no different.

For the ILCM, it means we need to work harder and be more creative to seek new donors, establish relationships and develop alternative ways to help our charities. We rely on the funds raised from the Annual ILCM Charity Ball and our other fundraising events over the course of each year, to bridge the gap. If we do not reach our goals, the charities will go without... it is as simple as that.

For those of us who are here for just a few years, we are delighted to meet so many interesting people and to make many wonderful friends... and we are truly grateful to have the opportunity to give something valuable back to Macau.

Andrea Mansfield – ILCM President June 2007 to May 2011

who we are & what we do

history

The ILCM was registered as a non-profit charitable organization in 1984 and engages in projects that help support over 20 charities in Macau. The club's foundation is based on extending the hand of friendship to local charities and to a multi-cultural group of English speakers from Macau and all over the world. It is through their support that the ILCM has been to provide hands-on aid and financial assistance to Macau charities for over 27 years.

friendship

The ILCM welcomes English speakers of all nationalities, backgrounds and interests, and has a diverse membership base... female and male, young and old, married and single, with and without kids. As the first point of contact for most newcomers to Macau, we aim to enrich their time in Macau and help them to settle into a new and very interesting environment.

community services

We contribute to the Macau community in many different ways. For example, we...

- Organize social activities for members and orchestrate fantastic fundraising events, and we assist local charities through hands-on volunteer aid and monetary grants.
- Help subsidize charities' basic needs and operating costs; assist with wages of key staff, teachers, cooks, drivers. Facilitate donations for wheelchairs, hospital beds, medical equipment, food, milk and medicine.
- Function as liaison between donating organizations and charities. If a company is looking to champion a cause, we introduce them to the right people and charities to achieve their goals.
- Utilize our combined knowledge and resources to develop solutions that benefit the needs of local charities. Raise community awareness and assist with training programs and educational scholarships.

volunteers

Our accomplishments are a result of our members' desire to give something back to Macau. Over 25% of ILCM members volunteer their time and expertise.

- 61 volunteers donated over 10,000 volunteer hours to the Macau community. 15 volunteers organized major fundraising events raising over MOP1,000,000 for charity, and donated over 2,000 volunteer hours.
- 30 volunteers provided hands-on aid and services to local charities, and donated over 4,000 volunteer hours. 13 volunteers ran the organization, activities and events, and donated 4,500 volunteer hours.
