

# Workshops...

## by members/for members

### What is it?

- Share your **time and talents** with others... make a few new friends,... and at the same time **contribute** to charity.

### Do you have a special talent or ability?

- Such as cooking **international** foods, baking, drawing, flower arranging, knitting, makeup tips, sewing, mixing cocktails, holiday arts & crafts, etc.

### Want to know how to share it?

- Have a **workshop** in your home, shop or other location.
- Set the date and time **that best suits you** and your idea.
- Small groups are **perfect...** you set the limit.
- You fix the price so it covers your costs, plus a small markup. Your “students” pay the full price and profit is donated to ILCM charity.

### Then what?

- When you have **your idea**, date, location and price all planned, let us know and we'll **promote your workshop** in the Enews.

### Got questions?

- Please contact Sophie Lei [president@ilcm.org.mo](mailto:president@ilcm.org.mo).

**The small print:** Workshops are intended for members sharing their talents with members and profits are intended for charity. No commercial sales of products or services please (we are always happy to discuss alternative possibilities with you).
